We will use best endeavours to ensure that our systems and processes calculate and apply fees, interest, reductions, benefits or other amounts or features as described in your contract with us. However sometimes errors do occur, for example due to:

- a. the limitations of our systems and processes
- b. the operation of manual processes
- c. changes to our systems and processes

Where that happens, without limiting any rights you may have relating to the error, we may (as appropriate) within a reasonable timeframe at a later time but as soon as practicable after the error has been identified:

- a. make adjustments to put you in the same position as if we had applied the correct amount or made the correct calculation initially;
- b. provide that reduction, benefit or feature to you, and make adjustments to put you in the same position as if we had provided the reduction, benefit or feature as described;
- c. take the action required, and make adjustments as necessary to put you in the same position as if we had taken the action as described.
