### Your payment summary

**Total amount owing \$5,285.08**

**Minimum payment \$105.00**

**Payment due by 29 Jan 2025**

To minimise interest, pay the total amount owing, or as much as you can, by the payment due date.

Pay at least the minimum by the due date to avoid a late fee and continue using your card.

**Minimum Repayment Warning:** If you make only the minimum payment each month, you will pay more interest and it will take you longer to pay off your balance. For example:

| If you make no additional charges using this card and each month you pay... | You will pay off the Closing Balance shown on this statement in about... | And you will end up paying estimated total interest charges of... |
|-----------------------------------------------------------------------------|--------------------------------------------------------------------------|-------------------------------------------------------------------|

Helping you identify your regular payments

Want to keep track of your regular payments? This handy list could help. If your card is upgraded, lost, stolen or expired, this list may help you to identify the businesses you need to contact to update your new card details.

While we've tried to identify all of your regular payments, this may not be a complete list. We encourage you to check your past statements or your transaction history in the CommBank app or NetBank for others you may have set up.

**Things you should know:** Only the most recent payment for each business will be shown. All regular payments also appear in your statement transactions for the relevant month.

You saved \$13.29  
last month in international  
transaction fees with your  
Awards card.

This is because your card is free of international transaction fees. The savings shown are the international transaction fees you would have paid had you used other CommBank credit cards for the overseas transactions you made this statement period.
